ti-Tuberculosis Society Has No Paid Officers—All Funds Used to Alleviate Suffering Humanity

The Alexandria Anti-Tuberculosis sociation was organized in 1909 d it's first funds were obtained m the sale of Red Cross Christs seals of that year. It's original rpose was to help by propaganda d active service in the crusade ainst tuberculosis. As the work veloped the great need of prevenn through nursing care and inuction in the home became apent. In the spring of 1911 the iety was enabled to engage a dist nurse, through the generosity d public spirit of the representae in Congress from Alexandria, n. C. C. Carlin, and the cooperan of the Alexandria Hospital e work of the nurse was not cond to tuberculosis patients but exded to all sick—and suffering in city, and the society became then has since continued to be also a ting nurses' association. From y of 1918 it has maintained two ting nurses in Alexandria.

rom its inception, the association furnished relief, ice, milk, eggs, hing, bed linen, and in some inces, to persons suffering from erculosis in their homes, and to present has sent ten persons n Alexandria or vicinity to the te tuberculosis sanatorium at awba, paying their board while re. Instructive anti-tuberculosis nublic health literature has been ributed, several public lectures on se subjects have been given under auspices of the society, one exit showing through posters, etc., ravages and growth of the White gue was prepared and shown in candria several years ago in nection with the Consumers' gue.

he management of the associais vested in four officers, a board welve directors inclusive of such ers—all women—and an advisory rd of business and professional . The association was organized Miss Rose MacDonald, who was ted it's first president and held office until 1918 when she was eded by Mrs. Thomas W. Robin-

It's present and first vice-pres- t is Mrs. Wm. Campbell, it's secry; Mrs. C. S. T. Burke, and the ent treasure, Miss Fanny S. Her- , has had charge of its funds e the society was formed. Mrs. . Howell and Mrs. William J. the of the present directorate charter members of the board have been actively engaged in the since 1909.

he regular sources of income of association are membership dues ne dollar a year, contributing berships and donations, fees coled by its visiting nurses from e able to pay something, and fees ived from the Metropolitan Life rance Company for visits of the es to its policy holders when the present rate being fifty-five s a visit. These funds have been mented in other years by half the eeds of the Christmas seals sold he association, by occasional enainments, luncheons and showers, by several appropriations from city.

he organization has no office exe, the only salaries paid are e to its nurses. The regular exes consist of such salaries. unting now to one hundred and ty-five dollars a month, furnishuniforms and equipment to the es when needed, a monthly drug dressing bill; replenishing from to time the stock of bed linen. t clothes, etc., supplying materrelief to tuberculosis persons at r homes; and for the greater part he time, the maintainance of tuulosis patients at the state tuulosis sanatorium.

ith the limited resources at its mand, this organization has maind a high standard of public use- ss, and its service during the uenza epidemic two years ago, n its nurses paid over a thousand visits in one month, and the follow-up work thereafter have, it is believed, reduced to the minimum tubercular results in the community.

Firebugs Active

Set Fire to Ferry Slip and a Box Car—Damage Trifling

Fire supposed to have been of incendiary origin last night threatened to destroy the old wooden ferry slip at the foot of King street. The blaze was discovered in time and the fire department responded before much damage was done. It was shortly after 10 o'clock when the alarm was sounded.

A few minutes before that alarm a Southern Railway box car on Union street near Prince streets, also caused an alarm and this fire, also supposed to have been of incendiary origin, was quickly subdued.

True Fraternity

Topic of Three Speakers at Meeting of Order of Foresters

Owing to the enterprise of the entertainment committee, the meeting was adjourned early in order that those present might enjoy the program which had been arranged. The main features of the program were speeches by Rev. Dr. E. B. Jackson of the First Baptist Church, Rev. Edgar Carpenter, rector of Grace Episcopal Church, and Louis L. Whitestone, who were the invited guests of the evening. The speakers confined their remarks principally to the benefit and achievements that may be acquired through the exercises of "True Fraternity" and all of the speeches were interesting and greatly appreciated.

Another interesting feature of the program was the piano selections rendered by Mrs. MacCullum. At the close of the program, a generous lunch was served and a rising vote of thanks was tendered to the entertainment committee for providing such an interesting and successful evening.

Anticipate Big Crowd

Y. M. C. A. to Hold Mass Meeting Tomorrow—One for Men and One for Women

Fire Chief Kenneth Ogden, has given orders that the theatres shall not be crowded Sunday afternoon at the Y. M. C. A., meetings for women and men. In anticipation of the crowds that will attempt to get in to hear the unique addresses and see the unusual films; the chief is taking the safety first plan and positively states that there will be no endangering of life by over-crowding.

Consequently as soon as the theatres are full the doors will be closed However the Y. M. C. A., officials believe that since the crowd will be divided between the two theatres there will be less danger of an impossible crowd. Admission will be by ticket only but every effort is being made to see that all who desire tickets secure them. They are at the drug stores or can be had at the Y. M. C. A. office at the Westminster Building.

Rev. R. B. Nelson, director of the state bureau of Social Hygiene, will address the men at the Richmond Theatre at 2:30 o'clock, and Dr. Rachelle Yarros, of Chicago, will address the women at the Ingomar at 3:30. The theatres will be open some time before the lectures and every effort made to comfortably care for the crowds.

Dr. Rachelle Yarros, who will speak to the women at the Ingomar is a personal friend of Mrs. M. L. Horner, of 601 Duke street, and will doubtless be a guest in her home while in Alexandria. They were associated in college work in the University of Chicago for several years and were glad for this opportunity to renew old acquaintances.

IN MEMORIAM

In sad but loving remembrance of my dear husband, JOHN T. ROBEY, who departed this life one year ago today, December 4, 1919.

December is once more here,
The saddest of the year,
Dear husband you have left me
broken-hearted
In this hard cold world to fight
life's battle alone.
God shall wipe away all tears from
my eyes,
Peaceful be thy silent slumber in
the grave so low,
But in heaven I hope to meet him
Where no farewell tears shall flow.

By his devoted wife and children.

The midnight stars are gleaming,
Upon his silent grave,
The one we love so dearly,
And tried so hard to save.
The dear one now is sleeping,
No care is on his brow,
Oh blame us not for weeping
For we have no father now.

His loving grandchild,
Franklin K. Payne.

ROBEY—In sad but loving remembrance of our dear father and grandfather, JOHN T. ROBEY, who departed this life one year ago today, December 4, 1919.

One year has passed since that sad day,
When the one I loved so dear was called away,
God took him home, it was His will,
But in my heart he liveth still.
Some may think you're forgotten,
And the wound long since been healed,
But they little know the sorrow
That lies in my heart concealed.
Loved in life, remembered in death.

His devoted daughter and son-in-law
Mollie F. Pilkerton,

NO CAUSE FOR ALARM

Timid people should not lose sleep over the report that 15,000,000 Europeans are clamoring for immediate transportation to the United States, and that at any moment they may descend in an appalling flood of immigration upon this country. It is just as well to remember that in the present crippled condition of steamship service it is some job to handle a million people, much less fifteen millions. It took the American Government a year and a half, even with assistance from Great Britain, to send 2,000,000 soldiers to France, and the feat is rightly regarded as one of the marvels of the world. If there are 15,000,000 unfortunates in Europe who want to come to this highly favored land—and it is probable that the number is grossly exaggerated—their arrival will necessarily be scattered over many years. This is no reason, of course, why proper measures should not be taken to check any undue immigration, and to bar out undesirables entirely.

OPEN COMPACTS

Much ridicule has been flung at the President for his point of "open compacts openly arrived at," but the point is gradually perforating European diplomatic habits. Sweden has filed with the League of Nations two agreements made with the United States. Every act of this sort is a nail in the coffin of the old diplomacy, which was the synonym for secrecy and deception. The publiity of treaties is of itself a considerable step in the direction of permanent peace. If the agreements of the Triple Alliance and the Triple Entente had been published in 1914 the danger of an armed conflict would have been measurably decreased. The agreements being secret, each group was afraid of the other.

MRS. M'SWINEY GREETED BY CHEERING WOMEN

New York, Dec. 4.—Mrs. Terrence MacSwiney, widow of the Lord Mayor of Cork who died of starvation in a British jail, arrived in New York harbor on the liner Celtic yesterday evening, but she and the other passengers were obliged to remain aboard all night because when the big White Star vessel dropped anchor it was too late for the customs or immigration authorities to make the usual examinations.

This caused a postponement of the monster greeting which had been planned and the formal greeting, the procession and other ceremonies intended for today will be held tomorrow.

But down off quarantine, in the dusk which hovered atop the chill waters, there was a greeting to Mrs. MacSwiney—and a controversial answer to it by loyal Britishers—that was about as lively as any one would care to behold and listen to.

SUCCESSFUL AFFAIR BY COMMERCE BODY

(Continued from Page One)

At the conclusion of the speaking, which took place in the auditorium, the members and their friends repaired to the club room where a delightful buffet supper was served The serving was in charge of a committee of young ladies.

The former presidents were then given a reception and the occasion was enlivened by music furnished by Smith's orchestra. The club rooms were tastefully decorated with palms and ferns.

The gathering was called to order by President Williams at 8:30 o'clock who explained that the purpose of the meeting was to pay honor to the former presidents of the chamber chamber of commerce, presided and introduced the speakers and also for the purpose of "Getting better acquainted." Mr. Williams said we are fortunate in having retained a great deal of the so called war prosperity. The speaker alluded to the fact that just now we are in the progress of readustments and we must strengthen the business interests and get notice to the outside world of Alexandria's business advantages.

All of the presidents since the organization he said were present save one, the late John T. Johnson and as a tribute to his memory the audience stood for a minute.

Representative Wingo in an able and eloquent address sounded a note of optimism. The first of the year he said was rapidly approaching and he thought it a good idea to take stock and for the merchants to map out their plans for the future.

Mr. Wingo in part said that for over four years fifty-seven million people were engaged in destroying products and while so engaged were not producing. The result was ten million dead and five million wounded and maimed.

In studying the economic conditions it is remarkable that conditions are as good as they are. There is no need for worry. We face the future with all of the raw material necessary. The depression in the cotton, corn and wheat belts was given by the speaker.

Continuing he said it is the natural consequence to know and we expected it and we are going to get through with it. The Federal Reserve Board is partly responsible. They fell into the trap they endeavored to avoid. Thrift and toil and not government aid will bring prosperity.

The speaker said he thanked God that the era of the silk shirt is a thing of the past. He praised Carter Glass for writing the Federal Reserve act. This act he asserted is the greatest piece of legislation since the foundation of the country and he predicted that we will profit by existing conditions and never let occur what is happening just now.

The speaker urged all to get behind President-elect Harding and do their utmost to make this administration a success, although he said he was a life long democrat.

A greater prosperity was predicted by Representative Wingo if all put their shoulders to the wheel and work. All should think and bet on America's future and they would bring and have better business and the country will have the greatest prosperity it ever has had he said.

Representative Moore said it is our duty now to bend our efforts to make the affairs of the country a success. There is nothing more helpful than the spirit of service both individually and collectively.

He declared the chamber of commerce to be a flourishing trade body that is doing good. The speaker said he was an optimist.

Representative Moore delved in to some history of the former trade bodies in Alexandria. The first he said was organized fifty-two years ago with George T. Worthington as president.

The speaker said there is no city with a brighter future than Alexandria with its fine harbor and railroad facilities and he predicted a good system of highways leading to the city, especially with the completion of the Lee Highway to the Valley of Virginia and one is to be built in Maryland which will result in the establishment of a ferry service to the Maryland side which years ago was operated under the name of Fox's ferry.

Mr. Moore said the work in improving the old Alexandria-Washington turnpike beside the steam railroad tracks will be started shortly and this work will be aided by the federal government to the extent of $100,000.

Concluding his remarks Representative Moore said he is with the chamber of commerce heart and soul and will do anything he can for Alexandria or her citizens in order to promote the welfare of the city. Both speakers were congratulated on their splendid addresses.

The former presidents who have headed this organization are as follows:

W. A. Smoot, jr., November 1, 1906 to January 15, 1909.
John T. Johnson, January 15, 1909 to January 9, 1911.
A. D. Brockett, January 9, 1911 to December 11, 1911.
Robert S. Jones, January 8, 1912, to January 13, 1913.
Carroll Pierce, January 13, 1913, to January 11, 1915.
J. M. Duncan January 11, 1915 to January 10, 1916.
John W. May, January 10, 1916 to January 14, 1918.
Robert L. Payne, January 14, 1918, to March 18, 1919.

STOLE TO GET MARRIED; PAYS DEBT WITH LIFE

Chicago, Dec. 4.—A. W. Wilmenedorf enjoyed a month of stolen happiness, but yesterday he paid in full Kissing his bride of a month farewell, he walked to the foot of Montrose Avenue and shot out his brains. He had sold his life for $1,500, a check he had forged on the Riley Real Estate Improvement Company, where he was employed.

High rents, high costs of living and a desire to surround his wife with the comforts were the contributing causes to the tragedy.

Wilmenedorf was 30 years old. Thirty days ago he married Miss Laura Meissner. Recently he confessed the theft of $1,500 to his brother-in-law. The latter urged him to tell his employers, but Wilmenedorf could not endure the exposure.

The young wife collapsed when she was informed of the suicide and is in serious condition.

JANITOR INHERITS $250,000

Malden, Mass., Dec. 4.—William R. Hanson, a janitor, was telling fellow employes at a drug store here yesterday what he would do with one million dollars, Charles Garland, of Buzzard's Bay, had refused, when a postman gave him a letter that told him he was heir to about $250,000. He will accept the money, he said, but will continue washing windows and sweeping floors so he will have something to do. Between times he intends to smoke good cigars and motor in the country for week-ends.

The estate, according to Hanson, was that of James Moore, an uncle, who died several years ago, leaving the property in trust for his wife, with instructions that at her death it should be divided among seven relatives, one of whom was Hanson. Mrs. Moore died recently, and the estate, swollen to nearly two million by wartime investments, is about to be divided, the letter said.

BANDITS BIND BALTIMORE CASHIER; OBTAIN $5,000

Baltimore, Dec. 3.—Entering the branch of the City Savings Bank here at 1:25 o'clock this afternoon, four armed bandits backed James P. Reese, treasurer, and G. E. Needham, bookkeeper, into the vault, tied them together and escaped in an automobile in which two more of their band were waiting at the curb. They obtained $5,000 in bonds and money.

The robbery was planned for the lunch hour, when most of the employes of the bank are out.

A customer of the bank, John A. Griffiths, who entered while the robbers were binding up the treasurer and bookkeeper, was struck over the head with a revolver and knocked unconscious.

COAL FOR PUBLIC SERVICE

Altoona, Pa., Dec. 4.—If any public utilities cannot obtain an adequate supply of coal through regular channels, the Fair-Price Committee of the Central Pennsylvania bituminous operators will undertake to secure the tonnage necessary to continuous operation. This is the operators' reply to the request of the State Public Service Commission that fuel protection be assured public utilities, announced by the committee today.

MAN WHO SOLD "BLIND DEATH" WHISKY SENTENCED

New York, Dec. 4.—The man who sold the "blind death" whisky that killed 100 people in unspeakable agony in the Connecticut Valley last Christmas and blinded a great many others for life, must go to prison for eighteen years and six months, minus time off for good behavior.

Carmine Lizensinto, 25 years old, was sentenced to that term in Sing Sing on a manslaughter charge in connection with the death of one of the victims.

BUDGET SYSTEM BILL IS LIKELY TO COME UP EARLY

Pressure for Congressional relief from economic conditions has renewed interest in the budget bill, which President Wilson vetoed last session.

It became apparent yesterday that early action might be expected when the measure is reintroduced. It aims to put the government on a strictly business basis. The saving of millions of dollars in this way would have the effect of reducing taxes, which are blamed for holding up prices. With government departments reorganized and many superfluous branches eliminated, the saving might go far toward relieving the strain on business throughout the country, it is argued.

In the absence in Europe of Senator McCormick, who introduced the measure in the Senate last session Senator Warren, Chairman of the Appropriations Committee, is expected to foster the measure in the Senate while Representative Good is its sponsor in the House.

Auction Sale

Public sale of Holsteins at Rockbridge Dairy Farm Wednesday, December 15 (rain or shine), on the far mof David N. Rust, Jr., located three miles east of Leesburg, Loudoun county, on the Washington Leesburg Pike and being on Goose Creek, ten minutes walk from Compher Station on the Washington and Old Dominion Railway. Car leaves Alexandria at 7:10 a. m., arriving at 9:30 o'clock. Will be met. Having decided to discontinue dairying I will offer at public auction on above date and place without reservation my entire herd of milking Holsteins. 80 head, 16 head registered animals, 64 head high grade cows. The majority of these animals have been bred and developed right on the farm and were sired by such noted bulls as King of Butter Boy, King's Son and Soldiers Home Woodcrest Tehee. These cows are all young straight and sound and have never been forced in dairy, but simply run on blue grass pasture in summer and consumed the roughage on the farm in winter with little grain fed. Consequently they will respond immediately to heavy feeding. Some are fresh now milking well and quite a number due within thirty to sixty days. All bred to fine registered bull. The grades are well marked and will make a valuable addition to any herd. The pure breds carry some of the best blood of the breed. The cows have just passed the annual Federal test and health certificates can be issued for shipment to any state in the union. This herd is considered to be on one of the best in Northern Virginia.

Terms of sale. Three per cent off for cash or a nine months' note with satisfactory indorsement.

Lunch served on grounds.

David N. Rust, Jr. ,owner, 1400 H Street, Northwest, Washington, D. C.

C. T. Rice, sales manager.

A. B. Bullock, herdsman.

MOVIES

RICHMOND THEATE

As photography it is the best, the most beautiful that moving pictures have ever shown—this picture, "The Last of the Mohicans," Maurice Tourneur never made such scenes before, and probably never will again. How he can ever beat them is some thing to guess about these long winter evenings. The compositions he makes of Indians, clouds, mountains, trees, gun barrels, waterfalls, are masterpieces, and if this is not great art, then Rembrandt was a blacksmith. Tourneur can do things with sunlight that you cannot dream, and if he could paint emotion with the Hugo touch of Griffith he would be the greatest man in pictures. As it is, he is one of the mighty, and "The Last of the Mohicans" is his best.

See it at the Richmond Monday and Tuesday. Before you know it your soul will leave your broken-backed old carcass slumped in the seat and, climbing up onto the silver sheet, will go off back into the old young days of your youth hand in hand with Uncas and Hawkeye and the snaky Magua, who would never, never bite the dust until Cooper had you up against the hind cover of the cook. Not by new stunts of story-telling does Tourner work wonders with your soul, for the story is the plain tale of the Leather Stocking classic; not by marvelous subtitles, for they are short and merely fitting, but by this thing he has mastered, photoplay.

Against the dream cliffs and falling wreaths of water in Yellowstone, and again before painted curtains as in "Treasure Island," he puts his nude and gleaming savages through their paces, circling, swirling about the lovely Cora Munro, her "fair hair sister, her hero Uncas, her canny crack shot Hawkeye, and her foul pursuer Magua.

IDLE HOUR THEATER

Georges Carpentier, who will be seen at the Idle Hour Theater Monday and Tuesday as the gentlemanly hero of "The Wonder Man," a Robertson-Cole production, making his first appearance as a moving picture actor in America, is an all-around athlete as well as heavyweight boxing champion of Europe.

Georges is so shy of interviewers that the information could never be extracted from him but his manager, Francois Descamps, is not averse to such facts finding their way into newspaper offices. Nay, the volatile little manager, goes further than that—he boasts of the athletic prowess of his prodigy, produces French sporting records showing that Carpentier as a sprinter is only one quarter behind the world's record for the one hundred yard dash, and as a pole-vaulter he is only one-quarter of an inch under the best French figures.

But Georges does not stop there. He can do ten miles cross-country in record time, he shoots well, he rides better, he is an expert at tennis and plays the net game to train while training. He is an expert at billiards, swims, handles the oars like a professional and can manage a gasoline engine whether it be in a motor boat, automobile or airplane.

"Funny, isn't it," Descamps said as a peroration, "that Georges' favorite indoor-sport, as you Americans say, is singing—ouil and operatic stuff at that!"

MAN'S BULK PREVENTS BATHTUB TRAGEDY

Lansdale, Pa., Dec. 3.—Found unconscious in a bath tub at the Lansdale Hotel and all but his face submerged in water, Charles Giavonnis, of Lansdale, lay at the point of death all last night and did not regain consciousness until 7 o'clock this morning. He is still in a critical condition.

When groans were heard in the hotel bath room, James Schaffer, clerk, climbed through a transom. Giavonnis was lying in the bath tub, unconscious. Only his giant stature prevented him from slipping beneath the water. His feet were against one end of the tub and he kept his head on the incline at the other end. He had been overcome by fumes from a gas heater.

60,000 Bottles of Champagne On Way To United State

These 60,000 bottles form the first part of a shipment of 1,000,000 bottles which will be sent during the next few months.

JAIL "PRODIGY AT FIGURES"

Boy 16, Accused of Juggling Books and Embezzling $2,500

Philadelphia, Dec. 4.—A 16 year old lad, described as a "prodigy at figures," was arrested here yesterday charged with embezzling $2,500 by juggling the books of a jewelry firm by which he had been employed less than a month. Detectives who made the arrest said the youth confessed he had taken the money and admitted that he was preparing himself for a career as a scientific criminal. When taken into custody he was lying in bed with a revolver under his pillow, acording to the police.

The prisoner, who gave his name as Wallace Hawkins, said he had a widowed mother, but refused to tell the police where she lived.

Forgot to Mail Letter, But Glad He Did It Now

Newark, N. J., Dec. 4.—Mrs. Samuel Taylor gave her husband a letter to mail.

He thrust it into an overcoat pocket and F. T. M. I., of course.

The detectives in a pawn shop examined an overcoat brought in by a negro the next day.

The letter revealed the ownership of the coat and $200 worth of other clothing. Taylor got them back.

"Just like a man," was Mrs. Taylor's only comment.

The American Hydro Motors Co.

of Delaware is now perfecting its organization—and desires to locate in Alexandria, Va., if all other things are equal.

We will in time build an automobile to sell for about six hundred dollars but the first effort will be to manufacture and sell a motor that we believe will run 80 or more miles to each gallon of gasoline and has the following other advantages:

1. Simple construction.
2. Fewer working parts.
3. Greater gasoline mileage (70 miles and upward)
4. Greater cylinder oil mileage.
5. Less weight per horse power.
6. Simple operation.
7. No gears to shift in ordinary circumstances.
8. No self starter.
9. No valves to grind.
10. No carbon to scrape.
11. No bearings to burn out.
12. Two bearings in entire motor.
13. No vibration regardless of speed.
14. No noise.
15. Gasoline motor that performs same as steam engine.
16. No crank shaft.
17. No cam shaft.
18. No timing gears.
19. No connecting rods.
20. Motor can run indefinitely wide open without injury.
21. Can be installed in any make pleasure car or truck.
22. Full power of explosion.
23. No waste of energy.
24. No clutch to operate.
25. Superior performance.

We intend to put Alexandria on the map, and ask the co-operation of the people of that city—i. e.—to eliminate profiteering for awhile at least in what we have to rent or buy.

We will be glad to confer with any of the people in Alexandria who desire to co-operate with us.

WOULD AID SOTTON FARMERS

Georgia Agricultural Commissioner Seeks Enactment of Hay Law

Atlanta, Ga., Dec. 3.—Gov. Hugh Dorsey yesterday had under advisement a request from Commissioner of Agriculture J. J. Brown for an extra session of the Legislature for the purpose of enacting a stay law or moratorium to run 12 months. The Governor has requested Commissioner Brown to prepare a written memorandum on the subject, which the latter will do.

In a conference with the Governor Mr. Brown called attention to numerous cases where live stock and implements of farmers had been sold under foreclosure proceedings to pay for farm supplies, and expressed the opinion that general foreclosures, should they be restored to, would deprive farmers of the means of producing a crop next year, would benefit creditors very little and bring on complete agricultural demoralization.

The Commissioner expressed the belief that it would be necessary for similar laws to be enacted by all the Cotton States to get the full benefit of such an expedient.

GOV. DAVIS TO OPPOSE SWANSON FOR SENATE

Washington, Dec. 4.—It became known yesterday that Senator Swanson, of Virginia, will have a fight to hold his seat in the United States Senate when Gov. Westmoreland Davis, who came to Washington on official business, authorized the statement that he would enter the contest against Mr. Swanson.

Only three days ago Senator Swanson announced his candidacy for re-election, and while it has been assumed generally in Virginia political circles that he would enter the primary next year, the fact that he has been ill for some time raised a question as to the possibility of his voluntary retirement to private life.

Also it had been taken for granted in many quarters that Governor Davis would enter the field against Senator Swanson, but the Virginia Executive made no statement to that effect until he was approached in Washington yesterday. He replied:

"At an appropriate time I shall make announcement of my candidacy for the United States Senate, subject to the Democratic primary, August, 1922."

TO BEGIN COAL INQUIRY

Senate Committee Will Investigate Prices Charged

Washington, Dec. 4.—Senate investigation into the prices of anthracite coal will begin in New York Saturday, it was announced yesterday by Senator Calder, chairman of the Senate Committee of Inquiry. Senator Calder said the Governors of the New England States had requested the investigation.

Besides the Governors of the New England States, Governor Smith, of New York and Edwards, of New Jersey, have been invited to attend the hearing, the Senator said, and Governor elect Miller, of New York, will send a representative.

This will be the first time the anthracite situation has been taken up by the Senate committee, the investigations heretofore having to do with the prices of bituminous coal.

Senator Calder said he was satisfied something had to be done by the Government in the coal situation, but that he had not yet made up his mind as to what legislation would be proposed.

SULLIVAN WITNESS ACCUSES PROSECUTOR OF THREATS

Washington, Dec. 4.—Charges that Assistant District Attorney Dooling, of New York, had attempted to intimidate him were made by David Prouder, cashier of the New York brokerage office of D. W. Sullivan, when he was called yesterday as a witness in the trial of Sullivan, Jules W. (Nicky) Arnstein, N. S. Bowles and W. W. Easterday, all alleged to have been connected with extensive thefts of Wall street securities.

Prouder said Mr. Dooling had threatened to prosecute him and to have his father discharged from a Government position unless he testified to having seen Sullivan in company with Arnstein.

Prouder said Dooling had summoned him to his office about twenty-five times and on one occasion had kept him there from early morning until after midnight. He asserted that he had never seen Arnstein before his appearance in the court here.

Henry Jacobs, another employe of Sullivan, was also called and testified that Mr. Dooling had sent him to watch his employer. Counsel for the defendants, Jacobs said, had informed him that he need not testify in the case because he might incriminate himself.

THAT KNIFE-LIKE PAIN

Is Only One of Nature's Warnings of Weak or Disordered Kidneys

Have you a lame back, aching day and night? Do you feel sharp pains after stooping? Are the Kidneys sore? Is their action irregular? Use Doan's Kidney Pills—the medicine recommended by so many Alexandria people. Read this case:

'Mrs. A. M. Madison, 323 North Royal street, Alexandria, says: "I was so bad off with kidney complaint I had to go to bed. My back hurt me as though I were being pierced with a sharp knife. I couldn't turn from one side to the other, but was just helpless. When I was able to get up around at all I had to have help to do everything. I couldn't even lace by own shoes, and I was so nervous my hands would shake like a leaf when I tried to hold anything. The way my kidneys acted showed they were in bad shape. I got Doan's Kidney Pills at Creighton's Drug Store and I was certainly filled with joy before I had used them very long. The misery left me and I felt like my self again."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Madison had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.
